

PAS-NGL LED Bulb

PAS-NGL classic hollow LED lamps are an economical alternative to conventional incandescent lamps. These LED lamps with E27 base are particularly beautifully shaped. Thanks to their extremely low power consumption and high efficiency, they replace the application of incandescent lamp of up to 90 W without any problem.

Features

- High luminous efficiency: up to 100Lm/W for whole lamp
- Withstand high voltage up to 4500V
- Light weight around 90g only
- Good light consistency: $\pm 150K$
- Low luminous decay: less than 1% for first 1000hours, less than 4% for first 3000hours, less than 6% for first 5000hours
- Environment friendly: does not contain mercury, lead or other harmful materials.
- Professional hollow heat releasing design
- Long lifespan: typically more than 40000 hours

Specifications

- Luminous Efficiency: 90-105Lm/W(cool white), 80-90Lm/W(warm white)
- Luminous Flux: 810-950Lm (cool white), 720-810Lm (warm white)
- Color Temperature: 4500K-6500K(cool white), 2700-3500K(warm white)
- CRI: >70Ra
- Power Factor: >0.5
- Beam Angle: >120
- LED Brand: EPISTAR
- LED Type: MCOB (Multiple Chips & Cups on Board)
- Power: 4W / 7W / 9W
- Working Voltage: AC 185-265V / 50~60 Hz
- Working Temperature: -30 °C to +50 °C
- Cap Base: E27
- Lamp Size: Dia 60 mm x H 110 mm
- Lamp Weight: 90 g
- Material: Airlines Die-Cast Aluminum + PC cover
- Average Lifetime: >40000 hours
- Warranty: 2 Years
- Certificate: CE, ROHS, TUV, FCC
